SKILLS

- Data Analysis
- Microsoft Excel
- Power Pivot
- Java
- SQL
- Agile Methodologies
- Jira

PROJECTS

Coffee Retail Sales Dashboard   **Feb 2024**

- The main objective of this project is to analyze retail sales data to gain actionable insights that will enhance the performance of the Coffee Shop.
- Analyzed sales data to identify variations by day of the week and hour of the day, uncovering peak sales times and differences across store locations.
- Calculated total monthly sales revenue and determined the average price per order per person, identifying best-selling products in terms of quantity and revenue.

Road Accident Report   **April 2024**

- Developed a dashboard to analyze total casualties, comparing data by accident severity, vehicle type, and road type, and identifying trends over 2021 and 2022.
- Examined the distribution of casualties by road surface and time of day, providing insights into the relationship between casualties and area/location.

POSITION OF RESPONSIBLITIES

Organizing Coordinator, CodeChef CUIET
- Organized 20+ technical and non-technical Events.

Volunteer, Organizing Committee for 4 Hackathons
- Enhanced management, leadership, and problem-solving skills.

Volunteer, 2023 BE Admission Counselling, Chitkara University
- Recognized by the dean through a letter of appreciation
